

## 2019 Jubilee Cup Results by Peter Norris and Nick Kyriacou (S&S captain)

From Peter: Many thanks to all on the BGS team for playing on the day. Congrats to our 3 high handicappers for putting in a sub-par round - well done.

*I had my clubs in the car and was invited to sub for the Hants team - my scoring was poor being only the 5th game I had played in the year.*

Clearly S&S returned a good low score that was going to be hard to beat. Steve and I played round with Derrick who had the highest S&S score and he had a bad day on the greens (which is unlike his normal game!).

Anyway we don't have to organise next year!

From Nick: Hope you enjoyed the day yesterday. Peter, thank you for stepping in at the last moment for the injured Matthew Cockott (Hursley).

Surrey and Sussex have now won the Cup three years in a row - I expect a strong challenge from the other teams next year - I will send a separate note to the captains ref getting a date in the diary for 2020 early to avoid clashes with society events. (Beginning of

July looks the best compromise in terms of weather/avoiding school holidays)

The detailed results are shown below. Please share with your teams as required.
